Newsletter

Important Notes to Our Parents:

If you drop off your child in the morning after 8:20 A.M, please come into the office and sign him/her in. It is very important that the teacher and the office have consistent information so that our records are accurate.

All students who require medication at school (over-the-counter or prescription drugs) must have a physicians' signed approval and also a parent's signed consent. These forms are in your Lisbon Grade School Parent/Student Handbook or may be obtained in the school office. In addition, parents are responsible for labeling all non-prescription drugs with the student's name, doctor's name and dosage. The medication should be kept in the nurse's office during school hours.

During the annual fire and safety drills, some students noted that they did not have working smoke detectors in their homes. The local fire department wanted to inform parents that they can provide smoke detectors free of charge to those families that do not have them. Please contact the fire department if you are interested in this service.

Illinois Assessment Dates:

The state wide assessment test will be given April 18th - 29th. We ask parents to make sure that students have an adequate amount of rest and eat a good breakfast during testing week. Also, please avoid making appointments during this time, as students have to make up the test(s) missed at a later date.

Recycle:

We want to encourage community members and parents to bring their old newspapers or clothing

items and deposit them in the correct recycle bin on the south side of the building. Any money earned is used for our end of year character counts assembly.

Kindergarten Registration:

Registration will be Friday, April 15th, at 1:30 P.M. in the library.

D.A.R.E.:

The Kendall County Sheriff's Department is providing an officer on a periodic basis to serve our school. He will be in the school building during the day to talk with students and to get to know our students, staff and community better. Our students have really enjoyed this interaction in the past and it is a great avenue for students to get to know our law enforcement officials.

Absences:

If you know your child is going to be absent, please call the school office and leave a message on the absente phone option the night before or call the school by 9 A. M. the morning of the absence.

Hot Lunches:

If your child orders a hot lunch in the morning and then realizes later that they have a cold lunch, or an appointment they were aware of, they will still be charged for a hot lunch.

Unfortunately, once the food is prepared, it must be eaten or thrown away. Along those lines, just a reminder that students are not to share food during lunch for safety/sanitary reasons.

Calendar:

We have attached a school calendar for next year (2016-2017). In addition we have included a scholastic bowl and tentative track schedule for this spring.

Lisbon CCSD #90

State Budget Crisis

Schools across the state are being asked to do more with less each year. The Governor and state legislators are placing more mandates on schools each year, yet district funding has been cut dramatically over the past several years.

Since 2008, our school district has seen a decline in state aid by over 50%! This does not include lost revenue in terms of state and federal grants and areas such as transportation. The lost revenue noted here has resulted in cuts to technology, foreign language, staff and other areas.

According to the most recent Illinois District Report Card 2015+, Lisbon CCSD #90 spends \$2,732.00 less per student in instructional expenditures+(direct costs of teaching students) than the state average.

In addition, our district spends \$3,667.00 less per student in total operating expenditures+(gross operating cost of a school district) than the state average. These numbers certainly indicate that Lisbon CCSD #90 does more while spending significantly less.

This is a direction that neither our school, nor others in the state, can continue without real harm to our students and teachers. When comparing tax levies, Lisbon CCSD #90 has a levy of \$3.00 which is significantly lower than the state average of \$5.16.

When you have the opportunity, please express your concerns to our local representative or senator about this dramatic loss of resources. Students and staff in Lisbon CCSD #90 deserve better than this!

Congratulations to Students and Staff!!!!!!

According to SchoolDigger.com+, Lisbon CCSD#90 is the second ranked school district in the state of Illinois in testing results for the 2014-2015 school year. Out of 783 school districts in the state which had reported results, our school ranks second when Partnership for Assessment of Readiness for College and Career (PARCC) scores are compared.

PARCC is the statewide assessment that occurs each spring for grades 3-8 in the areas of math and reading. The testing includes all students in these grade levels. The results of these tests are used each year to improve or upgrade our school curriculum.

The PARCC tests are taken online and are more extensive than statewide tests given in the past. The new tests require that written justification be given for most of the answers. In the past, most answers were true/false, multiple choice, etc. A more in-depth look at the scores can be obtained by visiting the School Digger web site (www.schooldigger.com) or by visiting Illinois Report Card at <http://iirc.niu.edu>. This site reports results for all the school districts in the state.

These scores are a testament to the effort that our teachers and students make each and every day at school. Our staff has very high expectations of our students, and they in turn have responded with outstanding test scores.

Individual student results have been sent home to parents which included explanations of the test and how to interpret the results.

Parents who seek more information on this topic can look at research/data posted on the Illinois State Board of Education web site.

PARCC assessments will be given this spring from April 18-29th. We look forward to continued success.

Kindergarten News

February 1st marks the 100th Day of School! The Kindergarten class will celebrate by reading 100's Day books, counting to 100 in different ways, eating a 100's Day Snack Mix, and making 100's Day hats. Thank you, parents, for helping with the 100's Day collections, as well as contributing to our snack mix. Be sure to stop in to see our 100's Day collections!

Kindergarten took their first spelling test. They were tested on spelling the color words. I am

proud to tell you that the whole class passed with "flying colors"! ☺

In math, we took a couple of weeks to learn how to tell time, to the hour and to the half hour. Please continue to work on this skill at home, as it can be a difficult concept for the students.

Next, we will start our chapter on measurement. The students will find that they can use just about anything to measure objects!! Please review worksheets that come home, and any additional practice would be greatly appreciated!

We will continue with Book-It and Ozzie's Reading Club. Please be sure to record your child's minutes for Book-It and record at least 4 books every 2 weeks for Ozzie's Reading Club. This is a great way to earn a free pizza from Pizza Hut and a free ticket to the ballgame!

We look forward to our Valentine's Day Party on February 12th at 2:00. Thank you to the parents who are planning the party for us! A class list will be sent out for the students to make Valentines for their classmates. Valentines can be sent in any time during the week of February 8th.

Mrs. Dike

First Grade News

The third quarter has begun! This quarter, lots of brand new concepts will be taught in all the subjects, especially reading and math. Students are becoming more independent readers every day! When you are listening to your child read at home, encourage them to sound out tricky words. We are learning lots of new phonics and spelling patterns.

Ozzie's Reading club has started. Congratulations to LeAnn, who got to first base! Book-It is still going- each month your child reads for twenty minutes a day, for at least twenty days;

they will receive a coupon for a free personal pizza from Pizza Hut! Continue to encourage your child to read each night.

Please take time to read with your child each day. It's amazing how well all the first graders are reading. Their reading skills have really grown since the beginning of the year. I am so proud of all of them! Also keep encouraging your child to take AR tests. We will soon be using the "AR Cart," so they will always have a book that is worth AR points. All of their AR points are displayed in the hallway- feel free to take a look at them whenever you visit the school. Also, some students have been rushing through their work to get to AR or IXL. I am so thankful they are excited about those programs!! However, if you notice skipped problems or missed directions, please encourage your child to slow down and double check their work.

Our Valentine's Party is Friday, February 12th. The chairman for the party is Michelle Salato. One other quick date to add to your calendar is Wednesday, March 2nd. We will be celebrating Dr. Seuss's birthday by having a Dr. Seuss day. This day will include reading Dr. Seuss books and wearing our pajamas to school. If you (or a grandparent) would like to come in as a guest reader and read a Dr. Seuss book to our class that day, please send me a note or email in advance and we'll include you in our activities.

Have a wonderful

Happy Valentine's Day!
Miss Friestad

Second Grade News

February 1st marks one hundred days that we have been in school. It is hard to believe that we

are already at that point in our school year. Many of our activities on our 100th day of school will be geared towards the number one hundred. The students will love eating one hundred foods that day. I can't wait to see what each student brings for his/her one hundred collection. Thank you to all who are contributing food for that special day.

Our Valentine's Day party will be on February 12th at 2:00 p.m. Our chairman is Hannah Maxwell. Sally Wallin and Nicole Hardecopf are signed up to send in food for our party. Crystal Monsess is on our list to send in drinks, and Nikki Thompson will provide our paper products. We are looking forward to games prepared by Emily Friestad. Shanna Grubb is signed up to send in treat bags. The students can send in their valentine cards any time the week before Valentine's Day. Please have your child write out his/her own cards. It is good handwriting practice. I will be sending home a class list soon. This year we are going to have a valentine box contest. This will be a home project. Boxes need to be decorated, include a slot for valentines, and be returned by Tuesday, February 9th. Cereal or shoe boxes work best for this activity. There will be prizes for the most creative and the most beautiful boxes. I look forward to seeing the creative results!

Next month we are going to be doing cereal box book reports. We are in need of cereal boxes for this activity. Please start saving your empty cereal boxes and send them in. Please encourage your child to read more. I would like to see more students signed up for Accelerated Reader tests!

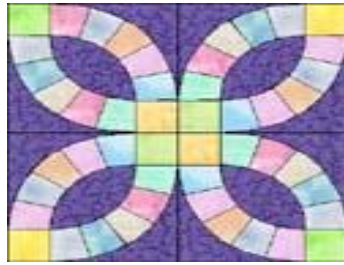

The second grade students need to increase their math skills. Please pull out the flashcards. Those addition facts to twenty should be automatic by the end of second grade. Students also need to memorize their subtraction facts. I would like to see more students taking advantage of the IXL Math online program. Ideally I would like to see students working on this site for at least an hour a week. This is a great way to increase our math knowledge.

This past week we read The Quilt Story in reading. Students were encouraged to bring in a quilt to show the class. I enjoyed seeing and hearing about the students' quilts.

Day!

Happy Valentine's

Mrs. Rehberg

Third Grade News

Wow! We have been really busy. We are finishing up multiplication and division. Please continue to work with your child on memorizing multiplication and division facts. Please have your child practice on IXL.com. We have begun practicing for the PARCC tests we will be taking in April. I will be sending home a note about PARCC tests later next month.

Our Valentine's Day party will be on February 12th at 2 PM. Erica Carlson is our chairman. Adam Carlson is doing games at our party. The chairman will remind you of the items that your child is to bring in.

Please continue to encourage your child to read 20 minutes a night. We are still doing "Book it" and Ozzie's Reading Club. We are finishing up Unit 3 in Reading and will be reading a novel next.

In Science we are learning about weather and Earth Science. In Social Studies we are learning about our country's history.

Some upcoming events are:

- 1. 3rd - 5th grades are going to the Rialto on February 10th for a play about the Underground Railroad.

2.2nd and 3rd grades' theme for the silent auction basket is: Family Night. I will send home more information soon.

Thank you for all of your support at home,

Mrs. Doorn

Fourth Grade News

This year seems to be flying by and there is still so much to do. Please be watching backpacks for the Valentine's Day party volunteer sheet. If you are a volunteer, you will be contacted by the chair person. The party will be February 12th at 2:00. The chairperson and the games person will attend. Thank you all for your help with all of the parties. It really is a nice diversion from the normal school day. If your child chooses to make valentines for the class, please be sure they make one for everyone on the list.

Ozzie's Reading Club Challenge is underway. Please encourage your child to read. The goal is only 90 minutes every two weeks. We have already turned in the first and second base coupons and there are great rewards for getting a "homerun"! I am also giving those that turn in their slips a sweet treat. It's just another incentive for motivation. Just a reminder, it is separate from the Book-It program. Each child must read three chapter books of at least 100 pages each by the end of the month to receive their free pizza voucher from Pizza Hut. The best way to become a better reader is to READ!!!

A few upcoming events for you to mark on your calendarí February 10th we will be going to the

Rialto to see The Underground Railroad. We are looking forward to this wonderful opportunity. The pork chop dinner / silent auction will be on February 27th. The fourth grade theme this year is camping. We welcome your donations to fill our baskets. Please have all donations to school by Friday, February 19th. Lastly, PARCC testing isn't too far away. We have been talking about it and before you know it, it will be here. We will prepare as much as we can and do our best. The testing dates for Lisbon are April 18th - April 29th. More to come when it gets closer!

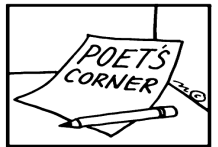

Enjoy the cold
weather!

Mrs. Myre ☺

Happy
Valentine's
Day

Fifth Grade News

I want to congratulate the fifth graders who are participating in the Book-It Program. There are several 5th grade students that have been determined to finish and get that free pizza! The reading requirement is 400 minutes a month - or less than 20 minutes a day! These students are Tayton Hardecopf, Davin Grubb, and Bre Dixon. Nice job!

In reading, we just finished Love That Dog. It was a novel that was written as a series of poems, and the students had to use their skill of inferencing to understand parts of the book. We

also wrote a few poems of our own that we will be showcasing at parent/ teacher conferences. We have started a new unit in our textbook that highlights artists and inventors. We will be learning about special effects in movies and writing our own "Blues" music along with reading a play.

In math, we've started fractions! We will spend the next three chapters on fractions. It is a big part of our PARCC testing so you will see a lot of extra fraction work coming home.

In Science, we are leaving our unit on plants and starting a unit of study on space. We will continue designing Power Points, making models of certain objectives, and doing projects.

In Social Studies, we are finishing up the American Revolution. We've also been watching episodes of "Liberty Kids" that helps the students understand the different wars and how hard it was on the colonists during that time period.

We will be busy! However, this class is up to the challenge! I just want to remind each 5th grader that our 1st AR book must be read by February 10th and the test needs to be passed.

On February 10th, we will be going to the Rialto to see "The Underground Railroad." A note will be sent home soon with all of the information.

For the Pork Chop Supper, we will be combining with 4th grade to make a basket for the silent auction. Our theme is "Camping." There will be a note sent home in the next week with all the details.

Thank you to our parents that have volunteered to bring treats for our Valentine's Party which is on 12th. We appreciate you all! The students will be planning their own party. I'm really excited to see the ideas they will come up with!

Happy February!
Mrs. DeGraaf

Sixth Grade News

January has been a busy month in 6th grade! In Reading, we just completed the novel, *Number the Stars*, by Lois Lowry. We had a lot of interesting discussions during this study and the students really enjoyed it! We have started working on some PARRC assessment practice passages in preparation for the tests that will be administered at the end of April. We will also work on a variety of writing prompts to help each student do his/her best during the week of assessments. In Geography, we have learned about Europe and the differences between Eastern and Western European countries. We have been able to connect events in *Number the Stars* with historical events in Europe during the same World War II time period. In Science, we learned about soil erosion and conservation methods. We will also be discussing weathering and mass movement from winds and waves. I am very proud of our 6th graders and encourage all of them to continue to complete daily assignments and always do their best!

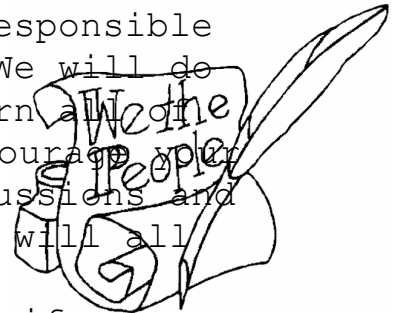

In 7th grade Social Studies, we discussed the framework of the Constitution and how some of the goals of the founding fathers were achieved. We also learned about the qualifications for becoming an American citizen. The students even took a sample citizenship test to get an idea of the written requirements. It was kind of interesting! We have discussed the beginning of political parties, as well as Hamilton and Jefferson ideas. In our next chapter, we will be learning about American expeditions with Lewis and Clark. We have also been keeping informed about daily news events through our CNN Student News reports. The students are learning to be informed about what's going on

around them. Keep up the good work, 7th grade!

LEWIS & CLARK

In 8th grade Social Studies, we will be completing our study of the Great Depression and the events leading up to World War II. We will be learning about short term and long term events in the war as well as significant discussions regarding the effects of Pearl Harbor, the atomic bomb and the Holocaust. In the next couple of weeks, we will be starting our unit on the Constitution. Each student will receive a Constitution workbook and they will be responsible for completing daily assignments in it. We will do a variety of activities to help them learn all of the articles and amendments! Please encourage your student to participate in classroom discussions and review materials during this unit! They will all do a great job!

Please feel free to call or email me if you ever have any questions or concerns. Stay warm!

Mrs. Scott

Seventh Grade News

January has been a busy and productive month so far. In addition to our regular lessons, students have started preparing for PARCC testing. Scholastic Bowl also started this month, and the members are all looking forward to their first match in February.

The sixth graders just finished up their unit on using dialogue. After learning how to use quotation marks and commas correctly, the students applied what they learned while writing several

narrative stories using quotes. They had some very interesting stories to share!

Seventh grade just finished up their compare and contrast essays featuring two people of their choice that they researched during lab time. They will be moving on to a unit on dialogue next. In Reading, seventh grade finished their unit on stories that follow the theme "Living in the Heart." This unit featured many poems, and students have been getting better at using the "Close Read" technique which involves re-reading a text several times and analyzing different aspects of the text. We have now started analyzing a speech by Cesar Chavez.

Eighth grade did an amazing job analyzing speeches by Harriet Tubman, Shirley Chisholm, and Venus Williams. We learned about different rhetorical strategies that speakers use to make their arguments stronger. They will be starting their unit on Anne Frank next. We are reading a play based on *The Diary of Anne Frank* and will be discussing the dangers of prejudice, how one person can make a difference, and the impact that literature can have on the world. At the end of the unit, they will be completing a World War II research paper that will count as an English and a Social Studies grade. Students will also have an opportunity to complete an extra credit assignment that involves reading a historical fiction book from the WWII time period, completing an activity, and presenting their information to the class.

Congratulations to all the students who already have their first AR book read for the semester! The deadline for the first book is February 5th while the deadline for the second book is March 9th. Keep earning those prizes!

Miss Zielske

happy

valentines

Eighth Grade News

Science Classes

Science classes are continuing to work on their curriculum. Eighth grade is finishing up the Chemistry unit and will begin working on Physics concepts. Seventh grade is completing work on cellular level concepts and will begin working on animal behavior and environmental interactions. With the new Next Generation Science Standards, I am working hard to develop meaningful projects that relate to the new requirements. All seventh and eighth grade classes have conducted and written formal laboratory reports this year. This will help them prepare for the increased science requirements at the high school level.

Math

The month of February will bring a lot of excitement to math classes. The eighth grade Algebra class has begun factoring polynomials and working with multi-step geometry questions. Sixth and seventh grade will be mastering geometry, statistics, and probability concepts over the next month. All junior high math classes have been using IXL.com math to reinforce concepts learned in class. Also, classes are spending one class period per week preparing for PARCC testing. Since the test is completed on the computer, we are learning how to input equations, manipulate tools and diagrams, and use the technology to our advantage.

Valentine's Party

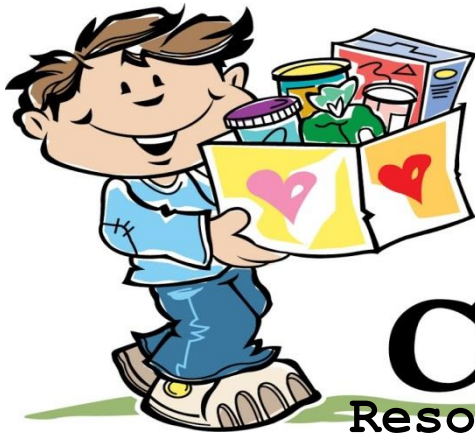

The junior high Valentine's Day party will be Friday, February 12th. We will have an early pizza lunch at school and then skate at Skateland in Channahon during the afternoon. Students will return to school before 3 pm. A letter and

permission slip will be sent home approximately a week before the trip. Parents who signed up to provide treats or pop for the party will be receiving a reminder letter in the next week.

Student Council

Thank you to all the students and families who brought in hats, gloves, mittens, and scarves for the Mitten Tree collection. Your very generous donations were taken to the Kendall County Food Pantry in Yorkville. We also collected canned goods and paper products for the Kendall County Food Pantry during the last two weeks of January and at LOOP Movie Night. What a great way to have fun and help the community at the same time. Our big project for the school year will be sponsoring a Parents' Night Out. Be looking for that date to be announced soon!

Mrs. Heap

Food Collection

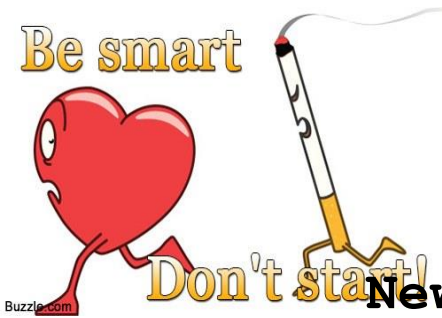

Resource News

Happy New Year! The students in the resource room have been hard at work. 7th and 8th grade recently began reading The Giver and are working on different writing assignments that correspond with what they read. In math, they are working on skills such as multiplication of multi-digit numbers, multiplying decimals, and real-life problems involving multiple operations. Kindergarten continues to work on sight words, as well as spelling color and sight words and telling time. 1st-4th grade are working on reading comprehension and fluency, and they are all making great progress! Please remember to read every night at

home. I look forward to seeing everyone's continued progress! Keep up the great work!

Sincerely,
Mr. Ward

News from Coach McKinney

We are officially in 2016!!! Can't believe we only have a few months left of this school year. Spring break will be here before we know it!! Looking forward to warmer weather!

In 8th grade Health, we are beginning to talk about smoking, tobacco, drugs and alcohol. We will be making anti-smoking posters as a part of this unit.

In PE, the classes have all finished their second round of fitness testing. We are looking to improve throughout the school year! They will be tested again in April/May. We have started our hockey units. They have done a great job at learning different skills and techniques. They also enjoyed competing against each other. We are looking forward to the month of February as we will begin our Jump Rope/Hoops for Heart activities. Be looking out for more information.

The girls' basketball teams have begun their seasons strong. The A team captured the first place trophy at the Millbrook Early Bird tournament. Both teams have yet to lose a game! Good luck girls and GO LIONS!!!

McKinney

Coach

Caudill Club

February 24th will be the last day to turn in Rebecca Caudill sheets. They need to be turned in by that morning. Students who read at least three of the nominated books and fill out our summary sheets may vote for this year's Rebecca Caudill Young Readers' Book Award. Those who qualify will vote for their favorite book on February 24th and will be rewarded with an ice cream party in April. Keep on reading!

Mrs. Rehberg

Flu Season/Sports Physicals

Someone from Newark Health Clinic's office will be here April 8th to do sports physicals for next year. Remember if your child plans to play in any sport they must have a current sport physical on file with the school office before beginning practices. The only exception will be for 6th grade which must have a complete school physical before practicing.

Just a reminder to parents; this is flu season. Flu-like symptoms include the following:

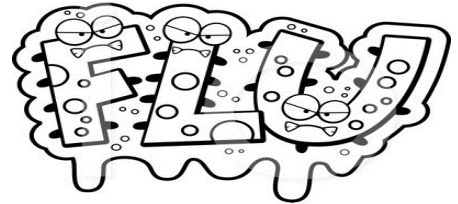

Fever	Cough	Sore Throat
	Runny Nose	Body Aches
Chills		
Fatigue	Nausea/Vomiting	Diarrhea

Also, please remember to help prevent the spread of the flu by doing the following:

- Wash your hands often with soap and water for at least 20 seconds, especially after you cough or sneeze. When soap and water are not available, alcohol-based and antibacterial hand cleaners and wipes are also effective.

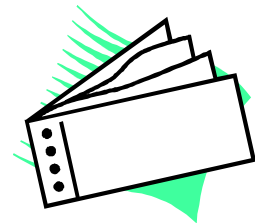

- Avoid touching your eyes, nose, or mouth. Germs spread this way.
- Cover your nose and mouth with tissue when you cough and sneeze. Throw the tissues in the trash after you use it. (or a shirt sleeve or elbow if no tissue is available)

Please watch for any flu-like symptoms in your children and keep them home until they are fever free for at least 24 hours, without the use of fever-reducing medications.

LOOP NEWS

LOOP would like to thank Janet Long and Emily Friestad for all their hard work toward preparing and running the Santa Shop. We would also like to extend additional thanks to everyone who volunteered their time to assist the students during shopping. The kids really enjoyed shopping during the week and the selection was incredible!

Mark your calendars...

LOOP's annual Pork Chop Dinner will take place Saturday, February 27th. Ticket packets will soon be sent home. LOOP is asking each family to sell 10 tickets. Additional tickets are available upon request. If you are unable to sell tickets, please return the packet to the school with your child.

In addition to the Pork Chop Dinner, we will be holding a Raffle, 50/50, and also a Bake Sale! Be on the lookout for more information to come on each of these. Each of our classroom raffle baskets will include a Thirty-One Large Utility Tote along with lots of goodies inside! Tickets can be purchased during the dinner from 5-7:15pm, prices are as follows- 1/\$1, 6/\$5, or an

arm length for \$20. The drawing will be held at 7:30pm (Winners need not be present to win).

The February 2nd meeting will be held at 7pm in the Library. We will be discussing information about our upcoming Pork Chop Dinner and Raffle along with proposed technology to be purchased for the school.

Please continue sending in Campbell's Labels and Box Tops! We appreciate your support!

LISBON SILENT AUCTION PROJECT

In order to invite some classroom participation in the silent auction that is planned for the Pork Chop Supper, sponsored by Lisbon Loop, each class is going to work on providing a group donation for the silent auction. Each grade has grouped together and chosen a theme. It is our hope that everyone in the class will be able to contribute a small item (\$1-\$10) that will fit the theme. If shopping is not your thing, you can help by sending in a small monetary donation to help put the class basket together. Please send any money with your child in an envelope marked class silent auction project. The teacher or a parent volunteer will put the items together for the auction. This allows the children to be involved in the silent auction which directly benefits them. We hope you come out to see and bid on all the creative class donations at the silent auction. Family and business donations are also welcome. Thanks for your generous support of LOOP.

Checks to Q & F

Looking Ahead!

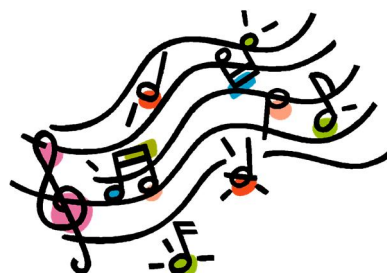

Spring Concert
Monday, May 11
7 pm

YOU ARE INVITED!

On Saturday, Feb. 6 @ 7 pm,
NHS Band & Chorus present a
VIDEO GAMES CONCERT!

Music & Video featured in video
games!

including Super Mario Bros.
admission is free PLUS
there will be food!

Don't forget to use your Q & F maintenance
plan!

With your plan you can get your child's
instrument cleaned, flushed, and adjusted!
If you need to check your plan's coverage,
contact Q & F!

Keep your instrument in good playing
condition! Instruments are picked up by Q
& F on Thursdays!
